

NEW REPAIR & SYSTEM TEST CAPABILITY

Toyopuc PLC3JD / IDEC Touch Panel

Technical Bulletin

K+S Belgium is pleased to announce it's new repair capability for the Toyopuc PLC3JD system with an integrated IDEC video touch panel. This system has special I/O and touch screen programs written for it to ensure complete system testing.

The following Toyopuc & IDEC components can now be tested:

Toyopuc: **PC3JD** Processor, **Power 2** Supply Module, **IN-12** Input Modules, **OUT-18 & OUT-19** Output Modules and a **2 Port Link** Communications Module.

IDEC: **HG3Z-JT22WF-MK1179** Touch Panel

12 Month In-Service Warranty

All Units Are System Tested

No Charge Evaluation
