K+S Services, Inc. Canada and Mexico facilities are factory authorized to provide both warranty and non-warranty repair services on your Siemens servo motors. Our technicians have been factory trained in all aspects of troubleshooting and repair for the 1FT5, 1FT6, 1FK6/7, and 1PH6/7 series servo motors.

We use only factory components in our repair process ensuring you the same operational performance as a new motor.

All repaired motors are tested in a “closed loop” system utilizing the same test simulators and specifications as the Siemens Factory to maintain quality and consistency.

Our repair warranty is for One Year In-service for both Siemens Warranty and normal repairs. Give us a call to learn more or visit our website at [www.k-and-s.global](http://www.k-and-s.global)
