RACINE / BOSCH C11 PUMP

These pumps are good to 5,000 PSI at a low flow (10GPM). They can be found in various applications where hydraulics are used. They may be found on machines as well as on power units. There are no specific applications except where a machine builder or power unit builder specified a face mounted, high pressure, low flow, radial piston pump.

These can be found in plastic injection / blow molding plants as well as stamping and machining facilities.

ALL UNITS ARE SYSTEM TESTED

***12 MONTH IN-SERVICE WARRANTY**
Unless otherwise stated at time of quotation

***NO CHARGE EVALUATION**
Priority repair orders may incur in evaluation fee
